ALUMINIUM COMPOSITE PANEL / MANUFACTURED BY FAIRVIEW

BUNJIL PLACE

PROJECT:	BUNJIL PLACE
LOCATION:	MELBOURNE, VIC
ARCHITECT:	FRANCIS-JONES MOREHEN THORP
BUILDER:	BROOKFIELD MULTIPLEX
PRODUCT:	VITRACORE G2 VITRABOND FR
COLOUR:	BRUSHED SILVER

Melbourne's newest entertainment precinct, and one of the largest projects undertaken by local government in Australia, Bunjil Place, features 2200m² of Fairview's Vitrabond FR and Vitracore G2 aluminium composite cladding.

Vitracore G2 and Vitrabond FR were selected for the exterior of the 24,500m² state-of-the-art facility due to their performance and ability to be prefabricated and then installed on the façade as part of the innovative winged dome designed by FJMT.

Vitracore G2 is Australia's leading deemed non-combustible aluminium composite panel.
