VITREOUS ENAMEL PANEL / MANUFACTURED BY FAIRVIEW

LEPPINGTON RAILWAY STATION

PROJECT:	LEPPINGTON RAILWAY STATION
LOCATION:	LEPPINGTON, SYDNEY
OWNER:	RAILCORP
BUILDER:	JOHN HOLLAND GROUP
COLOUR:	RED ORANGE
PRODUCT:	VITRANAMEL, 1200M ²

The NSW Transport Construction Authority (TCA) awarded John Holland a \$550m design and construct contract for the South West Rail Link – a major project intended to provide transport facilities to the growing population in south-west Sydney.

The project involved laying over 11 kilometres of new twin track electrified rail line between Glenfield South and Leppington and construction of two new passenger railway stations including Leppington.

Due to a need for extreme durability, graffiti-resistance and a 50+ year design life Fairview's Vitranamel steel panels were supplied for the cladding and linings on the project.

*Vitranamel[®] chosen for its extreme durability, graffiti-resistance
and 50+ year warranty*
