PRODUCT: VITRABOND/FR

The Buchan Group were tasked with giving a \$60 million facelift to The Strand – formerly known as Showcase on the Beach – to help put the shopping precinct back on Coolangatta's retail map in one of Queensland's most iconic beachside destinations.

A standout feature of the design is the unique glass-louvered façade running the length of the building, which maximises visual access and acts as the centre's focal point. Vitrabond/FR was utilised for the project and made The Buchan Group's vision for the external façade a reality.
